GREEN GUARDIA

MOUSE & RAT REPELLENT SPRAY

WORKS INSTANTLY & EFFECTIVELY

The **GREEN GUARDIA Mouse & Rat Repellent Spray**, with a plant-based formula containing geraniol, keeps mice and rats away effectively. It reliably protects your home, outbuildings, basement, and other areas – completely without aggressive chemicals.

PLANT-BASED FORMULA

With geraniol – a plant-based active ingredient that keeps mice and rats away naturally.

RELIABLE PROTECTION

Ideal for indoor and outdoor areas. Keeps rodents effectively away from treated areas.

FAST & EFFECTIVE

Repels mice and rats immediately and ensures a pleasant, fresh environment.

EASY TO USE

Practical spray nozzle for targeted and uncomplicated application.

INGREDIENTS & COMPOSITION

Water, alcohol, neem oil, citronella oil, geraniol, auxiliary ingredients (emulsifiers, preservatives)

Registration Number (BAuA):

N-121071

Product type: PT 19 – Repellent
Use biocidal products with caution.
Always read the label and product information before use.

MOUSE & RAT INFESTATION – A COMMON PROBLEM

Mice and rats are not only a nuisance, but can also cause significant damage and transmit diseases. They reproduce quickly and take advantage of even the smallest openings to enter your home.

TYPICAL SIGNS OF AN INFESTATION:

- Droppings and urine stains
- Gnaw marks on cables, furniture, and packaging
- Scratching or gnawing noises in walls, ceilings, or floors
- Nests made of paper, fabric, or insulation
- Unpleasant odors in enclosed areas

COMMON PLACES WHERE MICE & RATS HIDE:

BASEMENTS & STORAGE ROOMS

ATTICS

GARAGES & SHEDS

BEHIND FURNITURE

BEHIND APPLIANCES

WALLS & OUTDOOR AREAS

IMPORTANT:
Regular use and consistent prevention offer the best protection against mice and rats.

GREEN GUARDIA

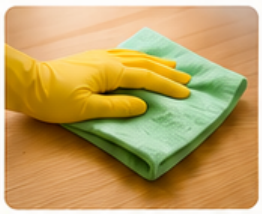

APPLICATION & PROTECTION
MOUSE & RAT REPELLENT SPRAY

WORKS INSTANTLY & EFFECTIVELY

SO SIMPLE – THE BEST PROTECTION IN 4 STEPS

1 PREPARE

Clean surfaces and areas of droppings, urine, crumbs and heavy dirt. Avoid direct water before application.

2 SHAKE

Shake the bottle well before use to evenly distribute the natural ingredients for optimal effectiveness.

3 SPRAY

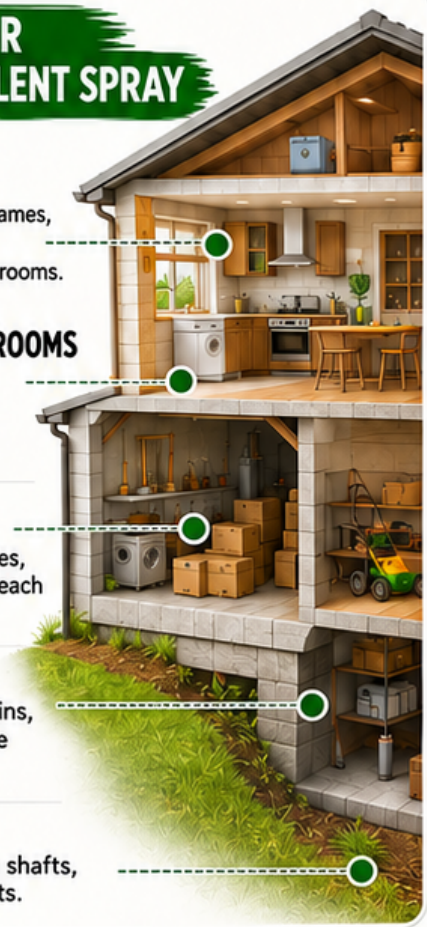

Spray targeted from approx. 20–30 cm (8–12 in) onto walkways, corners, hiding spots and entry points.

4 LET IT WORK

For long-lasting protection, apply regularly – especially in case of heavy infestation or reinfection.

APPLICATION AREAS FOR THE MOUSE & RAT REPELLENT SPRAY

INDOOR AREAS
Corners, baseboards, window frames, door frames, behind furniture, kitchen cabinets and in storage rooms.

BASEMENTS & STORAGE ROOMS
Along walls, on shelves, around cable ducts and in dark storage areas.

GARAGES & SHEDS
At entrances, behind appliances, workbenches and in hard-to-reach corners.

OUTDOOR AREAS
Around foundations, trash bins, compost piles, wood storage and garden sheds.

PIPES & OPENINGS
At penetrations, ventilation shafts, drains and other entry points.

TIPS & RECOMMENDATIONS FOR BEST PROTECTION

USE REGULARLY
Apply preventively every 5–7 days, and more often in case of a heavy infestation. Then repeat regularly for lasting prevention.

SEAL ENTRY POINTS
Close cracks, gaps and holes in walls, floors, doors and pipe penetrations.

KEEP AREAS CLEAN
Store food securely, promptly remove crumbs and waste, and keep trash bins tightly closed.

REDUCE HIDING PLACES
Remove clutter, cardboard, wood piles and unnecessary items – this eliminates potential shelter for rodents.

USE PREVENTIVELY
Protect your home year-round, especially in autumn and winter, when mice and rats are more likely to seek shelter.

PET-SAFE
Safe for pets when used as directed. Avoid contact with eyes and mucous membranes.

FOR A RODENT-FREE HOME – INDOORS & OUTDOORS

Natural protection with geraniol – effectively repels mice & rats, gently for your home.

GREEN GUARDIA

FAQ – FREQUENTLY ASKED QUESTIONS

MOUSE & RAT REPELLENT SPRAY

WORKS INSTANTLY & EFFECTIVELY

Here you'll find answers to the most frequently asked questions about our **Mouse & Rat Repellent Spray.**

HOW DOES THE MOUSE & RAT REPELLENT SPRAY WORK?

The plant-based ingredients, especially geraniol, emit a scent that is unpleasant to mice and rats. This disrupts their sense of orientation and reliably keeps them away from treated areas.

WHICH AREAS IS THE SPRAY SUITABLE FOR?

Ideal for indoor and outdoor use: basements, storage rooms, garages, food pantries, trash bin areas, under furniture, along walls, pipe openings, and many more.

HOW QUICKLY DOES THE SPRAY WORK?

The effect begins immediately after spraying. The animals usually avoid the treated areas right away.

HOW LONG DOES THE EFFECT LAST?

Depending on the surface and environmental conditions, the protection lasts for several days. In case of a heavy infestation, reapply regularly.

HOW OFTEN SHOULD I USE THE SPRAY?

For prevention, we recommend applying it every 5–7 days.
In the event of an acute infestation or increased risk, it can be used every 2–3 days.

DOES THE SPRAY LEAVE STAINS OR RESIDUE?

When used correctly, it usually does not leave stains or residue. For sensitive surfaces, please test a small, inconspicuous area first.

IS THE SPRAY SAFE FOR PEOPLE AND PETS?

Yes, the spray is safe when used as directed. Avoid contact with eyes and mucous membranes. Keep it out of reach of children and pets.

CAN I SPRAY THE SPRAY DIRECTLY ON THE ANIMALS?

No, the spray is for environmental use and not intended for use on animals. Spray doorways, walkways, hiding spots, and entry points instead.

HOW DOES THE SPRAY SMELL?

The spray has a fresh, pleasant scent thanks to geraniol and citronella oil, which people find agreeable, but which mice and rats find unpleasant.

CAN THE SPRAY BE USED LONG TERM?

Yes, the spray can be used continuously for prevention and control. The natural formula is designed for regular, long-term use.

CAN I COMBINE THE SPRAY WITH OTHER PRODUCTS?

Yes, the spray can be combined with other cleaning products. Do not use it together with rodenticides (poisons).

DO I NEED TO CLEAN BEFORE APPLICATION?

For best results, remove heavy dirt, food residues, and open food sources first. Then clean and let the areas dry.

OUR TIPS FOR A RODENT-FREE HOME

- Seal all possible entry points, such as gaps, cracks, holes, and pipe openings.
- Store food in tightly sealed containers and regularly remove trash.
- Keep rooms clean and free of crumbs, food scraps, and clutter.
- Do not store cardboard, wood, or other materials directly against walls or on the floor.
- Regularly check basements, garages, attics, and storage rooms.

NATURAL. EFFECTIVE. RELIABLE.

With geraniol – effectively repels mice & rats, gently for your home.

GREEN GUARDIA

SERVICE & SAFETY INSTRUCTIONS

SAFETY INSTRUCTIONS:

GENERAL GUIDELINES:

- **Shake well before use:** As the spray contains natural oils, some components may settle. Use the product only after it has been thoroughly mixed.
- **Do not apply in direct sunlight:** It is best to use the spray in the early morning or evening to avoid surface discoloration or damage to plants.
- **Test on a sensitive surface before use:** First test the product on a small, inconspicuous area and wait 24 hours.
- **Keep out of reach of children and pets:** Although it is plant-based, avoid contact with eyes or mouth.
- **Store in a cool, dry place, protected from light:** Ideal storage temperature: 10–20 °C (50–68 °F). Protect from frost and direct sunlight.
- **Do not release into the aquatic environment:** The product must not be discharged into ponds, aquariums, or drainage systems.
- **Use of gloves is recommended:** Wear gloves during application and, if necessary, safety glasses, especially when used frequently or on large areas.
